Department of Commerce (2024-25)

Name of the activity: One day workshop on 'Computerized Accounting'

Date & Time of the activity: 10/10/2024, 10.00 am

Report

On 10/10/2024, our college successfully held a one-day workshop on computerized accounting for B.Com-II and B.Com-III students. The goal of the session was to give the students hands-on experience with accounting software and improve their comprehension of how it is used in contemporary corporate operations. Mr. Bhandare A.P. Assistant Professor, Arts, Commerce, Science College, Hupari., led the workshop.

Mr. Kashid K.A. gave a welcoming address and introduced the resource person during the inaugural session. Mr. Tulshikatti was the Chief Guest of this workshop. He introduced the importance of the knowledge about the computerized accounting for commerce students. The technical session started with an overview of computerized accounting, its applicability in the current economic climate and development of accounting systems.

Mr. Bhandare A.P. provided hands-on training to 80 students of B.Com-II and B.Com-III on Tally. The session included: Creating company profiles in the software, managing ledger accounts and journal entries, generating financial reports such as balance sheets and profit & loss statements.

In order to clear up any confusion, students were encouraged to ask questions and participate in interactive problem-solving activities. During a feedback session at the end of the course, students shared how much they valued the useful information they had learned. Many students reported feeling more confident using accounting software as a result of the practical practice. A vote of thanks was delivered by the Mrs. Chougule A.A. This workshop became successful under the expert guidance of Prin. Dr. D. R. Bhosale.

Objective of the workshop:

1. To introduce students to computerized accounting software and systems such as Tally.
2. To bridge the gap between theoretical understanding and real real-world implementation.
3. To improve students' technical skill for improved employment opportunities.

Beneficiaries: 80 Students
