Aims/Objectives :

1. The aim is to offer opportunities for students to develop their research skills.
2. To foster a competitive environment among students to improve the overall quality of research.

Nature of the Activity:

The college-level Avishkar research competition is organized yearly by the college-level Avishkar research committee. aims to create a forum for students to demonstrate their skills while also fostering a sense of fraternity within the academic community. Avishkar research competitions are an important element of academic environments, allowing students to showcase their research, innovative ideas, and achievements. These competitions offer students the opportunity to improve their communication skills, network with peers and professionals, and receive acknowledgment for their efforts.

Outcomes:

Participating in an Avishkar research competition can not only allow students to explore one of their passions but also make students more competitive candidates at the college level.

Beneficiaries:

02 Students of the department were participated in the Avishkar research competition.
